# MME 2.0 Status

- The systematic review of ISO TS 13499 at the beginning of 2012 produced no change of the current MME version to 2.0.
- At the next ISO/TC22/SC12 meeting in May 2013 Michèle Maitre will force a decision to revise the current standard. For this new voting Peter presented a ,motivation'-paper. He will integrate the comments of the TF and sent the updated version to Michèle for the information of the SC12 members.
- It is important to instruct the P-Member representatives to vote ,**Revise**' at the SC12 meeting to officially start MME 2.0. All TF member should contact their local representatives and inform them!

# MME-Forum

- Peter will rename the subforum ,Calibration issues‘ to ,Dummy certification‘.
- Uwe will create the new topic ,Codification for static testrig‘.

# Date and Place of the next meeting

- Date: -> 02.10.2012 10:00 – 12:00 GMT+1
- Place: -> Netmeeting (hosted by VW)
